LinkedIn: <https://www.linkedin.com/in/ethan-miller-ra>

---

## Summary

Data analyst with strong **Python** and **Power BI** background. Builds reusable data pipelines and applies governance for accurate, trusted reporting. Exposure to **Jira** and **ServiceNow**; growing in **Power Automate** and **PowerApps**.

---

## Core Skills

Python (pandas, numpy), Power BI, Power Query, SQL, APIs, Git, Jira (boards, JQL basics), ServiceNow reporting, documentation (SOPs), Confluence.

---

## Experience

### Data Analyst — SunValley Health IT (Phoenix, AZ) | 2022–Present

- Automated data prep in **Python**; published **Power BI** datasets and reports.
- Built validation scripts to reconcile inputs with Jira exports.

### Reporting Associate — Mesa Data Works | 2020–2022

- Maintained Excel/Power BI scorecards; created training guides for report consumers.
- 

## Education

B.S., Computer Science — Arizona State University
